that it is very important that we have knowledgeable people such as made the trip to Washington last time, express our point of view and express our positive attitude on the part of agriculture. Thank you.

PRESIDENT: Once again, is there any further discussion now of the resolution? Alright, the question is, shall the resolution be adopted? All those in favor vote aye--excuse me, does anyone want to close on the resolution? Senator Carpenter, Burbach, does anybody want to close on the resolution? I don't want to shut you off here. Sometimes the body gets a little sensitive about that. Alright, the question is, shall the resolution be adopted? All those in favor vote aye. All those opposed vote no. You are voting on the resolution. And the Chair would again ask if you have all voted? Clerk will record.

CLERK: 43 ayes, no nays, 6 not voting.

PRESIDENT: Chair recognizes Senator--

CLERK: Should be referred to the Executive Board.

PRESIDENT: --referred to the Executive Board.

CLERK: Mr. President--

PRESIDENT: Senator Carpenter, for what purpose do you rise?

SENATOR CARPENTER: A point of order. Let me say to the body. Any member who has a resolution for an interim study ought to get it in today or this morning and--so it can be referred to the Executive Council. Now it may be we're not going to adjourn sine die--that's, as of now, no but anything can happen in this body. What we do we can always change. I think anybody who has a desire or an interest in the study, knowing it will be referred to the standing committee, ought to get the bill in, the resolution in this morning and have it referred to the Executive Council so we can automatically take action on your request.

CLERK: Legislative Resolution No. 39, introduced by Senator Carpenter (read)

PRESIDENT: Be laid over? Referred to the Executive Committee.

CLERK: Legislative Resolution No. 40. Introduced by Senator Kremer.

PRESIDENT: It will be referred to the Executive Board.

CLERK: We have another one, Mr. President, Legislative Resolution No. 41, introduced by Senator Richard Lewis, 38th district (read)

PRESIDENT: Resolution No. 41 will also be referred to the Executive Board. Now, we had Senator Barnett's resolution from yesterday left over. I think it's Number 34 and he has a problem on this regarding time and if we take it up after final reading, he can't make it because of the time factor. Now, so let's go back to Resolution No. 34.

CLERK: Legislative Resolution 34 is found on page 1295 of
